IV. Principal's Report

- Playground Update** Craig Estes and Irene Krill provided information regarding the playscape that was removed during the construction of the new building. It was outdated and needed to be replaced as the average lifespan of such equipment is 15-20 years. In response to questions regarding the smaller size of the new playscape it was noted that the size of the equipment is not determined by enrollment. This playscape is the District's current standard. Construction Management will provide additional playground equipment to replace what was removed. A proposal of the new equipment will be given to Dr. Brantley for campus approval.
- Budget Video** Due to time constraints, Dr. Brantley will send powerpoint as a preview for next month's budget review.
- District of Innovation** Dr. Brantley has been working with our vertical team which is proposing to add 5 additional days of professional development for the staff. In order to achieve this, the instructional day would begin at 7:40 am and end at 3:00 pm. This proposal is still in draft form and more information will be coming soon.
- Bilingual Program** After reviewing a bilingual program proposal, it was determined that Patton will remain an ESL campus due to the fact that our current staff is not bilingual.
